

Churches on Mission Group presents:

Every Church has a Mission

Transform your church through local, national and international missions! The scriptural mandate is for all believers to “go and make disciples.” This break out session will provide you with insight on preparing and executing missions and evangelism opportunities for your church and establishing mission partnerships in your community. Areas to be covered will be both spiritual and practical. Mission committees and leaders will benefit from attending. A selection of resources for spiritual growth and valuable planning tools will help you get started.

Speakers: John Copeland and Karen Parsons, First Baptist Alexandria

Part of:
